REELS/TIKTOK TRENDY IDEAS

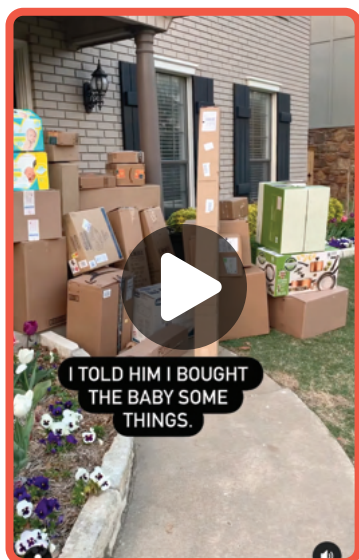

IG reels and TikTok videos are a new way to create fun and engaging video content that can reach more than your audience.

It can seem intimidating and challenging at times, but there are many different ideas on how you can still be trendy, even without dancing.

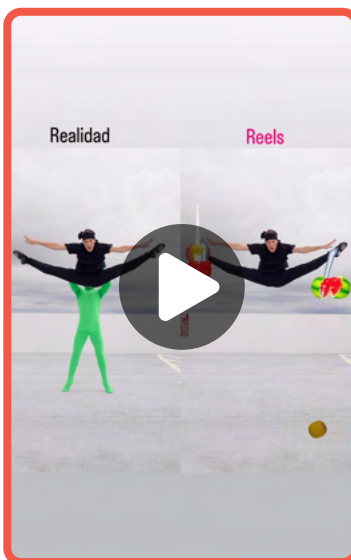

STEPS YOU NEED TO TAKE

- ✓ Choose the audio. Are you going to use trendy audio or your own? Maybe do a voice-over?
How to find trendy audio on Instagram and TikTok? Go to your Reels feed or #foryoupage and scroll for a few minutes. Listen to what song you repeatedly hear. That's a trend!
- ✓ Record on your TikTok, Instagram app or use your camera (we recommend the latter). Important: if you record on the app - immediately save your video so it doesn't disappear (happened too many times...)
- ✓ Choose an idea:

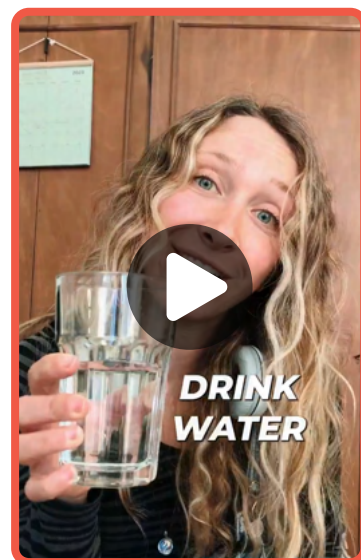

1 DO A PRANK.

2 BEFORE & AFTER

3 SHOW A HACK

P.S.

NEVER Repost TikTok Videos to IG Reels.

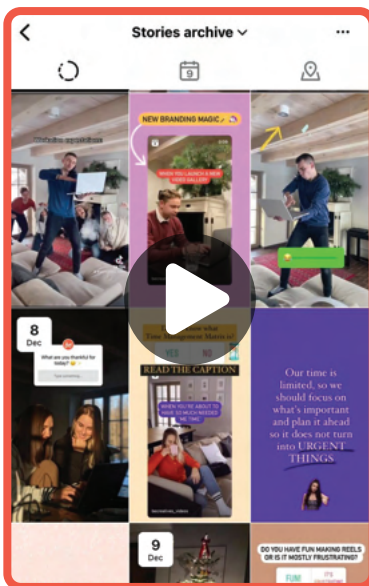

4 SHOW THE BLOOPER

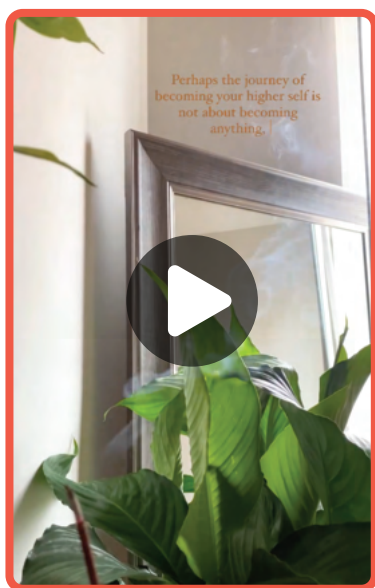

5

TAKE OLD STORIES AND POSTS AND RECREATE THEM INTO REELS

(For example, if you just recently traveled somewhere as a business or have some pictures from a job you just completed, you can combine all of those photos into one video).

6 MOTIVATIONAL QUOTES/INSPIRATION VIDEOS

7 VIDEOS WITH THE GREEN-SCREEN EFFECT

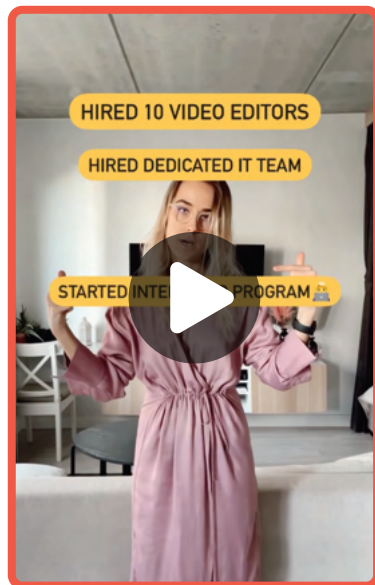

8 PLAY CHARACTERS

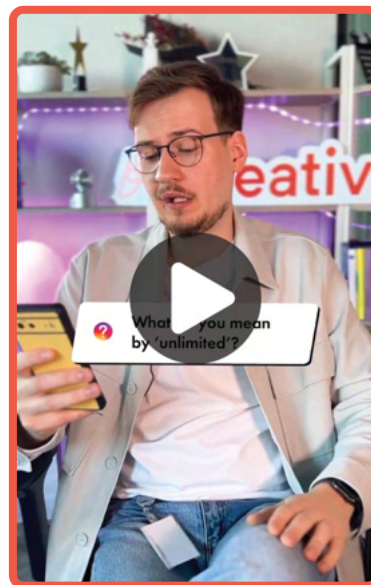

9 POINTING FINGERS TREND (PROVIDE USEFUL CHECKLISTS)

10 RESPONSES TO COMMENTS OR QUESTIONS

P.S. Come up with the title that would disagree with “OBVIOUS” in your industry.
